Re: Report of the U.S. General Services Administration Under Executive Order 13899,
Combating Anti-Semitism

Dear Mr. Redstone:

In accordance with Executive Order 13899, the U.S. General Services Administration (GSA) submits this report identifying additional nondiscrimination authorities within GSA's enforcement authority to address anti-Semitism as defined by the International Holocaust Remembrance Alliance.

GSA's Federal Management Regulation (FMR) provides that all Federal entities occupying property under the authority of GSA must not discriminate by segregation or otherwise against any person or persons because of race, creed, religion, age, sex, color, disability, or national origin in furnishing or by refusing to furnish to such person or persons the use of any facility of a public nature, including all services, privileges, accommodations, and activities provided on the property. (Title 41 C.F.R. §102-74.445).

In addition, the FMR provides that individuals or organizations may apply for permission to use Federal space. If permitted to use Federal space, permittees must not discriminate on the basis of race, creed, religion, age, color, disability, sex, or national origin in conducting activities on the property. (Title 41 C.F.R. §102-74.555(c)).

If you have any questions or concerns, please contact me at (202) 501-0767.

Sincerely,

4/21/2020
